Please join us for the [Joint Minority Mentorship Program \(JMMP\)](#) kick-off event on Thursday, March 31, 2022!

JMMP aims to pair law students and new lawyers who self-identify as being from historically marginalized or underrepresented groups, with mentor attorneys and judges to support mentees as they prepare to enter and navigate their legal careers.

Each year, participants are selected and formally matched. At the annual kick-off event, mentor-mentee pairs meet to create their own agreement regarding discussion topics, meetings and follow-up activities. While the timeframe for the formal JMMP mentor-mentee pairing is one year, the relationships often carry on well beyond the program.
