Recognition by *Best Lawyers* is based entirely on peer review. The *Best Lawyers* methodology is designed to capture, as accurately as possible, the consensus opinion of leading lawyers about the professional abilities of their colleagues within the same geographical region and legal practice area. The publication employs a sophisticated, conscientious, rational and transparent survey process designed to elicit meaningful and substantive evaluations of the quality of legal services.

The “Lawyer of the Year” designation is an award bestowed to only one lawyer with the highest average of votes in their particular practice and region, indicative of a stellar reputation and work ethic. Those receiving the “Ones to Watch” awards indicate attorneys who are earlier in their careers and have demonstrated outstanding professional excellence in private practice in the United States.
