

Latest LSRP Program Developments: New Interim Rules, DEP Guidance, Insights, and Practical Tips for Doing Business

November 19, 2009

Event Sponsor: Greenbaum, Rowe, Smith & Davis LLP Webinar

The interim rules for the *New Jersey Site Remediation Reform Act, N.J.S.A. 58:10C-1 et seq.* (SRRA) are now published. This webinar will explain critical regulatory issues you should know while transacting business under the new LSRP Program from the perspectives of an environmental lawyer and two seasoned environmental engineers.

David Roth, Chair of the Greenbaum, Rowe, Smith & Davis Environmental Practice Group, will share his 20+ years of practice knowledge to help you understand the legal significance of key SRRA rules and changes for site remediation cases and business transactions.

Duff Collins and **Robert Kunze** of Woodard & Curran, a national integrated engineering, science and operations firm, will share their 15 plus years of experience with the Massachusetts and Connecticut LSP Programs and their insights into New Jersey's new Program based on their involvement with the development of the new Program. They will discuss practical tips and techniques for working under the new Program.

This Webinar will cover:

- The NJDEP Interim Rules and Guidance
- The new dynamic among the NJDEP, clients and consultants
- Pros and Cons of "Opting In" to the LSRP paradigm
- SRRA legal issues concerning LSRP remediation approvals, due diligence and business transactions
