Bob's practice focuses on redevelopment, downtown and urban revitalization, transit-oriented development, project financing and incentives, sustainable building initiatives and public-private partnerships. His experience encompasses counseling clients on specialized issues in redevelopment related to parking demand, design and construction. He also has broad experience in complex commercial litigation, construction litigation and appellate work.

Steve concentrates in the areas of redevelopment, land use, zoning, and real estate development. His clients include property owners and developers engaged in mixed use, residential, industrial, commercial, office, retail and affordable housing development projects. He provides guidance from the initial project concept through to construction, including land use planning and approvals, permits and variances and appearances before municipal, county and state planning and zoning boards and agencies.
