COMMERCIAL LEASING

Our Commercial Leasing practice includes our representation of both landlords and tenants on the legal and practical aspects of structuring, negotiating, drafting and enforcing leases for commercial real estate.

Our Commercial Leasing attorneys have extensive experience with leases for commercial real estate of all kinds, including office buildings, unimproved land, shopping centers, ground leases or pad sites, "big box" transactions, business parks, industrial facilities and mixed-use projects. Prompt turnaround of lease drafts is a priority in our efforts to provide the highest level of client service.
