# INTELLECTUAL PROPERTY & TECHNOLOGY

Whether you are seeking patentability of break-through technology, protecting an established brand with a trademark registration, or acquiring advanced computer technology, we have the experience necessary to help you define and protect your intellectual property rights in a wide range of technology. The intangible assets of innovation—intellectual property—are becoming more common and more valuable as innovation continues progressing with extraordinary speed. Our attorneys are positioned to guide you through the dynamic process of keeping your intellectual property protection in alignment with your business objectives to leverage the value of your intellectual property assets.
