Hill Ward Henderson is pleased to announce that the firm has been listed on BTI Consulting Group's (BTI) Client Service A-Team Report for 2024. For the past 23 years, BTI Consulting Group has published this definitive ranking of law firm client service for the corporate law firm market. The analysis is based on 17 objective ranking factors – all of which corporate counsel agree drive the strongest relationships with law firms. According to BTI, corporate counsel single out by name 207 law firms out of the 650 competing for the business at mid-and large-size companies. This is the only legal ranking that identifies leading law firms for client service through a national survey of corporate counsel.
