

WEBINAR - The COVID-19 Vaccine: What Employers Need to Know to Manage the Workplace, February 11, 2021

Thursday, February 11, 2021 | 12:00 p.m. to 1:00 p.m. CST

REGISTER NOW

The COVID-19 vaccine is expected to be more widely available sometime this year. Many employers are considering whether they can or should require employees to be vaccinated. This webinar will explore the legal and practical considerations for employers who are thinking about whether to require employees to obtain the COVID-19 vaccine and/or for those employers who want to know their options. This webinar will also touch on considerations for employers as employees are vaccinated, or not, and transition back to the workplace.
