

Paralegals

Laner Muchin paralegals enjoy unique opportunities to contribute to a growing labor and employment practice. As part of our philosophy of providing cost effective counsel, whenever legal tasks can be done by a paralegal, the client benefits.

Thus, our paralegals have the opportunity to do challenging work including:

- drafting and responding to discovery
- preparation for depositions
- maintaining document and witness files
- database management
- vendor management
- managing and interviewing witnesses, legal research and participation at trial

Laner Muchin has a current opening for an experienced litigation paralegal. Interested applicants should submit a resume to jpetrelli@lanermuchin.com.
