MSK Client Alert

June 6, 2023

Iowa and Indiana now become the sixth and the seventh states, respectively, to provide comprehensive privacy protection to those living in those states, following the lead of California, Virginia, Connecticut, Colorado, and Utah (in that order). Those who do business in Iowa or have Iowa consumers as customers/users have until January 1, 2025 to bring their operations into compliance. Those with a presence in and/or consumers-customers-users based in Indiana have until January 1, 2026, to comply.
