MSK attorneys, Dan Hayes, Aaron Wais and Blake Baron hosted the webinar, "Hollywood Artisanal Distillery" through the American Craft Spirits Association in January 2018. This webinar followed the story of a fictional company, Hollywood Artisanal Distillery and the number of theoretical legal issues the CEO/Founder had faced including trade dress design, trademark infringement, and contract dispute with its manufacturer. Dan and Aaron not only discussed where the company went wrong and how to identify mistakes to avoid in the future, but also how to navigate the challenges ahead with the litigation he had been facing.
