

a conversation on crypto

June 23, 2021
10:00am PT / 1:00pm ET

DeFi, staking, VASPs, KYC, stablecoins, CBDCs... it's hard to avoid the alphabet soup of cryptocurrencies that is currently dominating the news (and the financial industry). How are these transactions structured, what securities regulations are in place, and how might the government regulate the usage of crypto as it becomes more significant and connected to the real economy?

Join us for a Conversation on Crypto next Wednesday, June 23 at 10:00am PT/1:00pm ET as Kirill Nikonov and Grant Hummer answer these questions and more.

About the speakers

[Kirill Nikonov](#) is an attorney in MSK's Corporate & Business Transactions Practice Group in the firm's New York office, as well as a member of the Capital Markets & Securities and Crypto Assets & Blockchain Technology teams. Mr. Nikonov focuses his practice on corporate and securities matters, including private financings, public offerings, SEC disclosure matters, and corporate governance.

Grant Hummer is the Managing Director at Chromatic Capital, a crypto asset management firm based in San Francisco, CA. Mr. Hummer has vast expertise in consulting, advising, and investing in cryptocurrencies and token projects.
