Su Ross will give a presentation to members of the Women in International Trade (WIT) Northern California Chapter on "Navigating the New Encryption and Cybersecurity Export Compliance Landscape."

2015 has brought some notable Wassenaar-driven changes to encryption-related export controls, as well as a controversial BIS proposed rule affecting cybersecurity items. This program will delve into the current status of these developments, consider what is on the horizon, and discuss how trade compliance professionals can ready their companies for these changes.

Specific topics discussed will include:

- Implementation of Dec. 2014 Wassenaar updates
- BIS proposed rule on export control of cybersecurity items
- Strategies for communicating these changes with stakeholders in your company Who Will Benefit: Trade Compliance Professionals, General Counsel, IT Professionals, Sales, Marketing and Customer Service Team Members, Supply Chain.
