## innovation & technology council

---

May 9, 2017

Howard Shapiro spoke on the panel, "Moving Technology Forward- Impacts of Immigration Reform to Tech" at the **Innovation & Technology Council** on May 9th.

The panel discussed President Trump's recent Executive Order on H-1B visas while explaining the impacts of the changes to the visa and how those changes will affect technology and innovation. This panel elaborated on what the H-1B visa is, the effects of the President's Executive Order, and what that means for businesses.

Other panelist included:

John Nahm, Strong Ventures
