Orly Ravid will be speaking at one of the Doc Corner Talks during the 70th annual Cannes Film Festival, taking place May 17 – 28, 2017.

Doc Corner Talks is a themed presentation and discussion platform featuring documentary professionals with special expertise and credentials in the discussed subject areas.

This year, the Doc Corner and EDN are pushing further their ongoing, fruitful collaboration by adding to the usual program three topical Doc Talks, organized and conducted by EDN Director Paul Pauwels. Each talk will address a specific dimension of contemporary non-fiction filmmaking, with an industry-driven, hands-on approach, based on first person stories by invited industry professionals and documentary filmmakers.
