# security: your contract and potential liability

---

San Diego Convention Center | 111 West Harbor Drive | San Diego, CA 92101 | Room 28 C

September 6, 2017  
3:00 PM - 4:30 PM (PST)

**Les Gold** will be speaking at CEDIA 2017 on "Security: Your Contract and Potential Liability," taking place on Wednesday, September 6, 2017 from 3:00 PM - 4:30 PM.

The security business can be profitable, but it also exposes companies to the higher risks and liabilities inherent to security and emergency response services. To protect your business, you need to have a security-specific customer agreement with robust legal protection. This session provides an overview of why you need this protection and the key provisions that should be included in any security agreement.

Dedicated 100% to residential technology, CEDIA 2017 brings together more than 18,000 home tech pros and over 500 exhibitors, giving you concentrated access to the new products, breakthrough innovations and targeted training you need to drive your company competitively into the future.
