More Than Just a Game Washington, D.C.

January 8, 2026

Theresa Bowman is speaking on the panel, "IP & Video Games," at the More Than Just a Game conference in Washington, D.C. on January 8, 2026.

About the conference...

MTJG arrives in Washington, DC, bringing together leading voices from law, policy, industry, and academia to explore the fast-evolving legal and regulatory landscape of interactive entertainment. This special edition will dive into the pressing issues shaping the future of games and online platforms — from intellectual property and innovation, to online safety and content governance, to consumer protection, data practices, and the growing influence of antitrust enforcement. Through expert panels, in-depth discussions, and cross-sector dialogue, the conference will examine how law and policy can keep pace with technological change while supporting a thriving, safe, and competitive digital ecosystem.
