

lauren wachtler co-chairs impact campaign 2016

September 20, 2016

The New York Bar Foundation is committed to serving the public and improving the administration of justice throughout the state of New York. This nonprofit, philanthropic organization is dedicated to meeting the needs of victims of human trafficking, domestic violence and homelessness, veterans' access to services, and problems encountered by individuals post-incarceration, among many other areas. The Foundation receives contributions from individuals, law firms, and corporations to help serve these needs in the state of New York. In January 2016, The Foundation launched its "Impact Campaign 2016" with the goal of doubling donations to its grant program. Lauren Wachtler, co-chair of the Campaign, and her firm, Mitchell Silberberg & Knupp, LLP are proud to sponsor The New York Bar Foundation and its Impact Campaign 2016. We are excited about this opportunity to contribute and support them in their philanthropic goals.
