Profiles in Diversity Journal

January 7, 2025

MSK is pleased to announce that Greg Olaniran has been named a winner of *Profiles in Diversity Journal's* 2024 Black Leadership Award.

According to *Profiles in Diversity Journal*® publisher James Rector, "the exceptional leaders showcased in the magazine's fourth-quarter 2024 issue are passionate about guiding, mentoring, and advocating for their professions, communities, and the next generation of professionals. We are proud to honor them and recognize the organizations supporting their success."

The Black Leadership Award recipients shared their personal and professional journeys through illuminating essays in PDJ's Q4 issue, which was published on January 7, 2025. In his essay titled, "How Today's Leaders Can Support the Next Generation of Black Business Leaders," Greg wrote, "As I reflect on the privilege of leading DEI efforts, I am deeply thankful for the positive changes I have helped bring about in my firm's culture. Supporting the next generation of Black business leaders requires intentional action, and I am committed to continuing this work to ensure a future of equitable opportunity and shared success."
