

msk's innovative corporate wellness program selected as finalist of *the american lawyer's* 2025 industry awards

August 20, 2025

We are pleased to announce that MSK's corporate wellness pilot program was selected as finalist of *The American Lawyer's* 2025 Industry Awards under the "Corporate Culture & Wellbeing" category.

The first-of-its-kind pilot program helped employees become biologically younger, dramatically improve core health metrics, and even reverse chronic conditions like pre-diabetes. After the success of the pilot, the program expanded in August 2025 and combines full-spectrum metabolic testing, fitness coaching and stipends, nutrition counseling, group education sessions, and supplementation with a holistic, science-backed strategy to improve both individual lives and the firm's collective health.

The winners of the 2025 Industry Awards will be announced at *The American Lawyer's* annual gala on November 13, 2025 in New York City.
