# msk represents california republic bank in its initial securitization of nearly \$183 million of prime auto loans

---

November 15, 2012

MSK assisted California Republic Bank, Newport Beach, California, with its first securitization transaction in which \$186.56 million in notes and \$13.5 million of trust certificates backed by the Bank's auto loans were sold to qualified institutional buyers in a private offering which closed November 8, 2012. The sale of the notes and certificates was structured to enable the Bank to achieve favorable capital treatment for the transaction.
