July 6, 2010

MSK's Tax Practice, and three of the group's Partners, have been recognized by *Legal 500* within its Domestic Tax section for West Coast lawyers and law firms. The widely respected 2010 guide notes that MSK's tax team has "expertise (that) closely matches the firm's leading position in entertainment and intellectual property, and the lawyers also have considerable skills in charitable gift planning." In particular, *Legal 500* recognized David Wheeler Newman, Jeffrey Davine and Robert Lowe for their considerable professional experience and achievement.
