MSK congratulates Christine Lepera for being named to *Forbes'* 2025 "America's Top Lawyers" list.

*About the list..*

Our second-annual list of America's Top Lawyers is a roll call of high-caliber counsel, culled from a range of practice areas and specializations. The attorneys selected have distinguished themselves through notable deals and transactions, impressive trial work, wise counsel, respect from colleagues, arbiters and clients. We identified this year's cohort through a rigorous, multi-stage process of researching, evaluating and rating thousands of candidates through nominations, direct outreach, recommendations and editorial review.
