Steve Metalitz is quoted in the *Daily Journal's* January 4, 2010 article "WTO Ruling May Increase U.S. Media Exports to China." Although the World Trade Organization recently ruled against China's restrictions on foreign entertainment imports, Mr. Metalitz notes that it will take time for China to comply. He states: "Our government brought this case and our government will press China for changes. One hurdle is going to be implementing this decision."
