

frida glucoft quoted by *human resource executive online* regarding proposed e-verify legislation

July 1, 2011

Frida Glucoft was quoted in a *Human Resource Executive Online* article about the controversial Legal Workforce Act of 2011 which will reinstate the "no-match" program and require most large employers to use E-Verify within two years of the law's enactment.

Expressing concern about the burden on businesses to implement E-Verify so quickly, Frida stated, "I honestly don't see how the Social Security Administration and the E-Verify program can be up and running nationally in such a short time. The burden on all parties will be immense ...no one is against reforming our verification system, but there is a better way to do it."
