

mike marino profiled in the *daily journal's* salute to veterans 2024

The Daily Journal

November 11, 2024

MSK Partner Mike Marino was profiled in the *Daily Journal's* Salute to Veterans 2024 special report which invited judges and attorneys with military backgrounds - often including active-duty conflict experience - to reflect on how their service has influenced their approach to law and justice.

From Mike's profile...

"My six years as a Navy JAG Corps sharpened my skillset in several important areas... how to try cases to verdict. It is difficult, if not impossible, to give effective real-time legal advice or to formulate workplace strategy without the ability to foresee its potential outcome in the courtroom, which may not emerge or be tested for several years. There is nothing better than trying cases to develop this skill."
