to practicing law"
"getting to yes is the spirit
that drives the attorneys
at our firm"**

The approach we take to practicing law is grounded in the principles of quality, commitment, and creativity. Having assembled a group of professionals that are as unique in life as they are in their practice of law has driven a reputation for getting substantive and innovative results. We recognize that law serves as a means to an end, and is not the end itself. Our attorneys focus on seamlessly integrating the art of business with the science of law, yielding unparalleled results in situations often deemed impossible.

With deep roots in Los Angeles's entertainment industry since 1908, MSK has expanded over the years and developed a national presence across a variety of industries and practice areas, including tax, trusts & estates, immigration, corporate, labor & employment, real estate, and regulatory. Operating from offices in Los Angeles, New York, and Washington, D.C., MSK enjoys a culture that benefits as much from its diversity of perspectives as it does from its stability, with many partners choosing to spend their entire careers at the firm. With a historical perspective and an entrepreneurial spirit, MSK continues to be the firm countless companies turn to when they want a creative legal advisor and business partner.
