Innovative • Inquisitive • Invested. That's how clients often describe MSK's culture and ability to understand the complex, demystify the mysterious, and define the unknown. And for more than a century, those three qualities have driven the success of Mitchell Silberberg & Knupp. Relentlessly innovative, our lawyers have developed groundbreaking legislation, established influential precedents, and shaped the legal landscape. Equally inquisitive, we continuously seek to better understand our clients, our clients' industries, and the law. Above all, our firm is invested in our clients, and take pride in our long-standing partnerships with them that confirm the value of our approach. This award winning perspective has resulted in countless accolades by industry-ranking publications.
