## professional staff

---

Supporting attorneys in a law firm is unlike any other profession. In an environment filled with highly motivated professionals committed to excellence, our staff members become equal partners in moving our Firm forward. Artfully mastering an ability to read minds and anticipating needs in producing quality work product have become the cornerstones to successful staff careers distinguished by stability and long tenure. Discovering the rhythm and nuances of supporting attorneys in their quest to service clients is as intellectually stimulating as it is challenging.

We've been named one of California's Best Places to Work by the prominent human resources firm, Employers Group. Following a 6-month assessment of over 400 companies of all sizes and industries, Employers Group ranked MSK among the top three medium-size companies (and one of only two law firms overall) awarded Best Place to Work status in its first ever state-wide program. The study, which included a confidential employee satisfaction survey, recognized MSK as providing its employees with challenging, often ground-breaking work in a respectful, collegial environment where quality client service, diversity and work-life balance are core values.
