## culture

---

"THIS IS THE ONLY FIRM  
I'VE EVER KNOWN. I'VE  
GROWN UP AROUND THE  
MOST NURTURING  
MENTORS ANY  
PROFESSIONAL COULD  
HOPE TO FIND."  
"MANY FIRMS ATTEMPT TO  
DISTINGUISH THEIR  
CULTURE AS UNIQUE. OUR  
PROOF EXISTS IN THE  
TENURE OF MOST OF OUR  
PARTNERS."

**work-life balance** - - MSK was founded in 1908 by lawyers who shared a vision of a firm that would provide excellence in legal work, exceptional client service, and a healthy balance between the demands of work and personal time. MSK remains dedicated to providing a respectful and diverse atmosphere with a culture grounded in the principles of work-life balance.

For over a century, MSK has maintained a reputation for excellence in providing sophisticated legal and business solutions for its clients. The complex, important and often ground-breaking matters on which we work present unique intellectual challenges that attract the best and brightest attorneys to our firm. Many of our 130 attorneys are regularly recognized as leaders in their field and, from our offices in Los Angeles, New York, and Washington, D.C., serve an international clientele.
