ASSOCIATE

Overview

With a decade in construction project management under his belt, Billy brings two perspectives to his work as an associate in the firm's Construction Service Group. The first is that of a lawyer able to skillfully analyze and resolve his clients' complex legal issues. The second is that of a former industry professional able to truly understand what his clients are going through.

At Amundsen Davis, Billy frequently works with general contractors and subcontractors to resolve mechanics lien, construction defect, and schedule delay issues. He has experience in all aspects of litigation, including pre-litigation investigation and strategy, pleadings, motion practice, discovery, and trial preparation. His deep construction industry knowledge coupled with a detail-oriented nature help him achieve favorable outcomes for the businesses he works with.

Outside of the office, Billy enjoys spending time with his wife, daughter, and dog. He also enjoys golfing and playing 16" softball.
