

H-1B Applicants, Start Your Engines

Labor & Employment Law Update

By Jacqueline Lentini McCullough on January 31, 2018

If you are planning to file H-1B applications for your employees this year, now is the time to start the process. While the filing deadline is April 2, 2018, it's not too early to begin the application, which involves several time consuming steps. As in recent years, the H-1B cap season may be met with an overwhelming number of petitions within a week of the April 2nd deadline. If you plan to file for an H-1B visa this year, starting early will enable us to provide your petition with the best possible shot at winning the lottery and obtaining a visa. We recommend starting to prepare the H-1B application by February 12th.
