

Innovation Legal Toolbox: Identifying, Evaluating and Protecting Intellectual Property in the Aerospace Industry

Oshkosh, WI

July 27, 2017

Indianapolis partners presented "Innovation Legal Toolbox: Identifying, Evaluating and Protecting Intellectual Property in the Aerospace Industry" at the 2017 Experimental Aircraft Association Airventure conference in Oshkosh, WI.

Whether a startup or a well-established industry innovator, every business has intellectual property and is impacted by others' intellectual property. This overview and strategy primer about intellectual property law for business leaders and entrepreneurs covers how to select and defend trademarks, patent inventions, protect confidential information, and limit risks of infringing others' rights.
