

Human Resources and Artificial Intelligence: Redefining HR for the Digital Age

Event

Amundsen Davis, Webcast

August 14, 2024 | 10:00 AM CT

Event Sponsor: Amundsen Davis

The human resources industry is ever-changing by the presence of artificial intelligence. AI is shaping recruitment, employee engagement, talent management, and performance evaluation. But what does this mean for employers?

Join Jeff Risch and Beverly Alfon for this timely webcast as they offer an introduction to AI and HR, and what to expect as this field evolves. Whether you're an HR professional or business owner, this webcast will provide insights into harnessing AI to drive efficiency, enhance decision-making, and create a more dynamic and inclusive workplace.
