

To Mandate Vaccines or Not: What Employers Need to Understand

Illinois Landscape Contractors Association, Webcast
March 3, 2021 | 3:00 PM – 4:00 PM

Almost a year into the pandemic and labor and employment issues are more complex than ever. The release of the COVID-19 vaccine raises the question of whether employers can require employees to receive it, or any vaccine for that matter.

Join Julie Proscia for this timely webcast as she discusses the current limitations on the ability to mandate vaccines in the workplace, the evolving responsibilities of employers in the workplace related to safety and health and the pros and cons of mandating or strongly encouraging vaccines.
