

Ethics - Noncompliance Can Cost Your Business

Illinois Chamber of Commerce, Webinar
May 25, 2016 | 10:30 am - 11:30 am

Having a company with a strong moral background gives employees an example of how to conduct personal business. In order for a company to advance, leaders need to be armed with the ability to make positive, progressive and ethical decisions on behalf of the company. This webinar will cover:

- Dealing with ethical dilemmas in the workplace
- Understanding the value of ethical guidelines
- Recognizing how ethics affect decision-making within an organization
