

Recreational Marijuana and the Construction Industry

Speaking Engagement

Finishing Contractors Association of Illinois; Webcast
August 8, 2019

Beginning January 1, 2020, the Cannabis Regulation and Tax Act ("Act"), will allow adults (21+) to possess and consume cannabis.

The Act has considerable employment pitfalls for Construction Industry employers. As a consequence, drug testing without any evidence of impairment in the workplace will open the door for legal challenges.

This timely webcast, presented by Jeffrey Risch, will go over the legal risks for Illinois Employers starting January 1, 2020, and what can be done to try and diminish the impact of recreational marijuana.

During this webinar, the following key issues will be covered:

- Adopting and enforcing drug-free workplace policies
- Drug testing practices and options forward
- Best practices to protect your workplace
- And more!
