

Warnings and Termination of Patients: To Dismiss or Not to Dismiss?

Advocate Medical Group, Webinar
August 3, 2016

Moses Suarez will present a webinar for Advocate Medical Group titled, "Warnings and Terminations of Patients: To Dismiss or Not to Dismiss?" The webinar will review and discuss the guidelines and general policies and procedures for dismissal of patients.

Program objectives include:

- Outlining current policies and procedures for dismissing a patient
- Illustrating the proper documentation prior to a dismissal
- Determining when assistance is required from others in the health care environment
- Arranging care or proper follow up for a patient with a continuing medical condition before dismissing
- Employing the proper protocol in dismissing patients with ICC providers
- Identifying an established patient
- Classifying the cases for the dismissal of a patient
