

# Health Care Compliance: Developing and Implementing an Effective Program

## Event

Amundsen Davis; Webcast  
July 23, 2024 | 12:00 PM CT

Join Suzannah Wilson Overholt and Moses Suarez for a discussion of federal guidance impacting compliance programs in the health care setting and critical steps in implementing those programs, including the roles of risk managers and human resource personnel. They will also discuss factors regulators consider in evaluating compliance programs and recent cases highlighting the role of compliance programs in fraud and abuse cases.
