

How Much Environmental Cleanup Will Your Insurance Actually Pay For?

Speaking Engagement

EnviroForensics, Drycleaning & Laundry Institute (DLI), and Cleaner & Launderer, Webcast

June 16, 2021

This webinar is for drycleaners who are interested in learning more about how state-by-state caselaw can affect how much of their environmental cleanups could be paid for by insurance. A panel will discuss the various nuances that come into play when seeking participation from historical insurance carriers to fund cleanup activities.

Attendees will learn:

1. Various state law nuances relating to using insurance for environmental claims
2. How these nuances might affect how much of your cleanup might be paid for
3. Different fact scenarios to put these points into perspective
4. And key take-aways to help in your decision making on environmental cleanups
