

Is Your Company 'Secretly' Wiretapping Private Conversations? If You Have a Website or App, the Answer May Surprise You

Speaking Engagement

USLAW, Webcast

April 16, 2025 | 12:00 PM CT

Join Molly Arranz as she presents a webcast devoted to the complex legal issues surrounding the monitoring and recording of private conversations, especially in digital spaces. If your company operates a website or app, you may be unknowingly crossing legal boundaries if you are not obtaining proper consent or legal justification.

Topics of discussion:

- Laws governing wiretapping
- Consent requirement
- Data privacy
- Potential legal consequences of failing to comply with federal and state regulations.
