

Managed the Local Adult-Use Cannabis Retail Licensing Process in Michigan

Krissy and her team managed a competitive, local adult-use cannabis retail license application in Michigan, guiding the client through a highly detailed submission process. She prepared comprehensive narratives outlining the applicant's proposed business plan, security measures, facility sanitation protocols, containment testing, and employee training programs. Additionally, she oversaw the development of the applicant's floor plan, area map, proposed renderings, proof of insurance policy, and surety bond. Her meticulous approach positioned the client with a well-documented, compliant application, affording them their best opportunity to secure a retail license.
