

Represents a State Savings Bank on Various State Regulations and Prepares Files for all Registration Documents for Successful Mortgage Lending in all 50 States

Amundsen Davis represents a state savings bank that engages in mortgage loan activities across the United States. We work closely with various state regulators for the client to become authorized to do business within each state and to maintain its good standing. The client also conducts its business under several assumed names. Amundsen Davis prepares and files all registration documents and annual reports for the client, resulting in successful mortgage lending in all 50 states.
