

Serves as Primary Outside Trademark Counsel to a Leading Worldwide Manufacturer

Amundsen Davis serves as primary outside trademark counsel to a leading worldwide manufacturer and supplier of industrial automation and building maintenance software and hardware solutions. Our firm assists this client with worldwide prosecution and management of its international trademark portfolio, monitoring global trademark filings and negotiation and resolution of global trademark and domain name disputes, including the pursuit and successful completion of cancellation and opposition actions and negotiation of worldwide Coexistence Agreements between trademark owners where appropriate as a resolution of disputes, as well as the take-down of infringing domain names through Uniform Dispute Resolution Proceedings before WIPO.
