Amundsen Davis's very own Kim Morgan has been selected for the 2025 *Missouri Lawyers Media* Unsung Heroes award for the Accounting/Business Operations category!

Congratulations to Kim! The award was created to recognize the employees on whom attorneys rely on day-in and day-out to consistently support their efforts. The ones who rise to the occasion despite anonymity.

When asked what she enjoys about her job, Kim said, "My favorite part of my job is speaking with all the candidates, from second-year law students to lateral associates and partners; I love hearing about their career goals, learning about their work experience, and discovering why they've chosen their career path."

You can read about Kim and the other honorees on the *Missouri Lawyers Media* website.
