April 2021

We are excited to announce that this month USLAW released an updated Retail and Hospitality Compendium of Law.

The Retail and Hospitality Compendium is a convenient way to access common, state-by-state, liability issues impacting the retail and hospitality industry.

Written by USLAW member attorneys, including our retail and hospitality attorneys for both Illinois and Indiana, the compendium utilizes the local knowledge in each of the jurisdictions in which USLAW firms practice.

To view the full list of USLAW compendia visit the USLAW website.
