

Joe Carlasare Cited in Bitcoin Consensus Analysis

Media Mention

GitHub.com

November 2024

Joe Carlasare was cited in the cryptocurrency analysis, "Analyzing Bitcoin Consensus: Risks in Protocol Upgrades," published on *GitHub.com*.

The paper, authored by Ren Crypto Fish, Steve Lee, and Lyn Alden, analyzes changes to Bitcoin's consensus mechanism and examines how stakeholders influence and respond to this change. The authors credit Joe as one of several contributors who provided "valuable feedback to improve the quality of the project."

You can read the full paper on [GitHub.com](#).
