

Ripple Effect: SEC Lawsuit Against Cryptocurrency Company May Provide Guidance For Crypto Industry

USLAW Magazine

June 21, 2021

Eric M. Fogel's article "Ripple Effect: SEC Lawsuit Against Cryptocurrency Company May Provide Guidance For Crypto Industry" was recently published in *USLAW Magazine's* Summer 2021 issue. The article discusses how on December 22, 2020, the SEC filed a high-profile enforcement action against a major cryptocurrency company, which may have a significant impact on the future regulation of not only cryptocurrencies, but also blockchain and financial technology applications.

The full article can be read in the Summer 2021 issue of the *USLAW Magazine*.
