

Top 5 Cyber Security Threats the Manufacturing Industry Should Watch in 2022

The Illinois Manufacturer
February 2, 2022

Companies continue to see headlines about cyberattacks, but manufacturing companies, specifically, have become more targeted in the last few years. In the most recent issue of *The Illinois Manufacturer*, Molly Arranz and Sofia Valdivia's article, "Top 5 Cyber Security Threats the Manufacturing Industry Should Watch in 2022," helps companies learn more about what they are facing, and where they can go from here.
