

Now What? Preserving and Defending Lithium-Ion Battery Claims (The Best Defense Is a Good Offense)

Publication
USLAW Magazine
Winter 2024

In recent years, the transportation and product markets have been flooded with claims involving the combustion of lithium-ion battery products or lithium-ion cells.

In Anne Fishbeck and Nicholas Rauch's article, *Now What? Preserving and Defending Lithium-Ion Battery Claims (The Best Defense Is a Good Offense)*, key strategies to best defend claims involving lithium-ion battery combustion are identified and analyzed.

Read the full article in the Winter 2024 issue of *USLAW Magazine*.
